Autom8

A simple and time saving
DIY bookkeeping solution
for your business

Autom8 is our easy to use, low cost DIY bookkeeping solution for business owners who want to reduce the time taken to manage their books

“ The Autom8 solution has made BAS time easy. We no longer have to key in our bank transactions or do bank reconciliations and most transactions are automatically coded . We now save so much time! Our BAS’s are now up to date and we even get time to look at our reports every month. ”

Get your BAS done without the pain

Let us help you make your bookkeeping a breeze with Autom8. Autom8 is a simple, automated bookkeeping solution for businesses who want to maintain their own bookkeeping but reduce the time they spend on it.

Eliminate data entry

Our Autom8 solution eliminates 100% of your time spent manually entering bank transactions into a computerised accounting system. Bank reconciliations are already done for you and it can automatically classify up to 90% of your bank transactions!

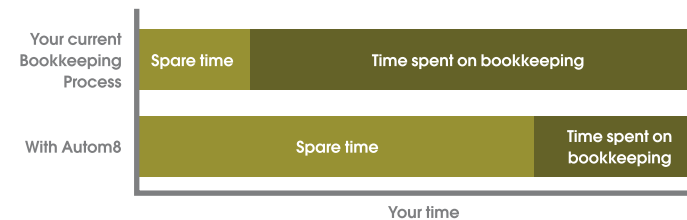

Simplify

Using a simple, easy to use bookkeeping package, you don't need to be an accounting whizz. Unlimited upgrades and assistance mean that you will always be supported.

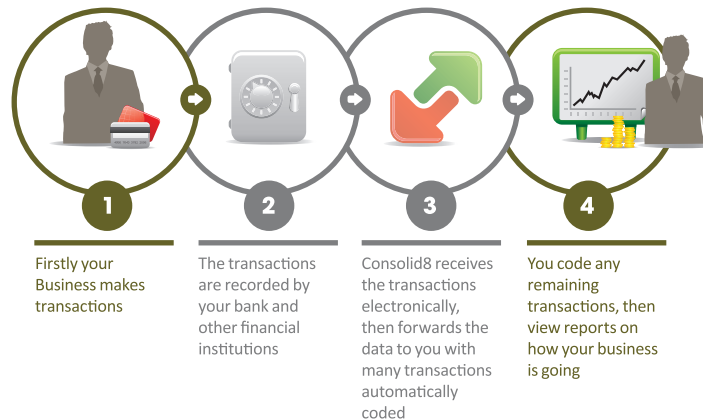

Stay up to date

When your bookkeeping is automated, there is very little work to do each month or quarter. You will be up to date in no time and can spend time reviewing the easy to understand reports or your BAS that is ready to lodge on time!
